Netaji Subhas Open University

in collaboration with

Uttarakhand Open University

About NSOU:

With more than 4.5 Lakhs enrolled learners, Netaji Subhas Open University stands unique as the only State Open University in West Bengal. Since its inception in the year of 1997, NSOU, has been actively engaged in the development and qualitative expansion of academics in higher education in the State through open and distance mode of teaching, learning, research and extension. Presently we offer Ph.D., Post-graduate and Undergraduate programmes in different disciplines apart from various vocational courses. As per the quality of the transmission of knowledge and its stature, it was recently accredited with Grade A by the NAAC in its first cycle. The University has also been awarded the 2nd position in Open Universities in All India NIRF ranking. NSOU is now going through a phase where different ICT components are being blended with the traditional teaching learning process to 'reached the unreach'. To cater to the needs of the ever-increasing learner base, we are developing the e-contents (e-SLM, A/V lectures, SD card. Live chat etc.) for its seamless instantaneous delivery to the learners. Such ICT initiatives also facilitate any time anywhere learning, ensures inclusive and equitable quality education and promotes lifelong learning for sustainable development.

About UOU:

Higher education is the most critical element of growth in this era of knowledge economy. Uttarakhand Open University (UOU) was established by an Act of Uttarakhand Legislative Assembly in 2005 (Act No. 23 of 2005) on 31.10.2005 with the aim of disseminating knowledge and skills through distance learning, using the flexible and innovative methods of education to ensure 'Independent Learning'.The University uses novel educational programmes, various modes of communication technology and contact sessions to make distance learning more effective. The major objective of the University is to cater to the educational needs of the target groups to create skilled and knowledge based human resource for speedy upliftment and development of the State. The University aims to impart quality education by maintaining high academic standards. For this purpose, it has radically reoriented itself in view of the rapid changes in the sphere of professional and technical education and has developed a number of new and innovative self-employment/ employment-oriented courses of study. Uttarakhand Open University is especially focusing on the educational needs of women, the tribals and other marginalized sections. UOU offers its programmes through 90 plus Study Centers established at different locations in the state under eight Regional Centres at Dehradun, Roorkee, Pauri, Uttarkashi, Ranikhet, Bageshwar, Haldwani and Pithoragarh. The University has also signed Memorandum of Understanding with several leading research institutions, companies and professional bodies for the benefit of its students.

About the Workshop: NEP 2020 accentuates the need for a learner-centric, experiential, and inquiry-based approach to learning. Outcome-Based Education (OBE) is a system where all the parts and aspects of education are focused on the outcomes of the course/programme of study. NEP 2020 indorses the expansion of online and blended learning programs, letting learners to access quality education from anywhere, regardless of topographical limits. The National Education Policy (NEP) 2020 envisions a transformed education system in India. A key pillar of this transformation is a shift towards Outcome-Based Education (OBE) and the effective integration of technology into instructional practices, also known as digital pedagogy. This faculty development program aims to equip/orient academics with the knowledge, skills, and resources to implement NEP 2020 effectively in the teaching-learning-assessment context towards OBE.
